

October 17, 2017

We are pleased to announce that after much documentation and personal interviews, **Signature Millshop** has been certified by the Ohio Department of Administrative Services Equal Opportunity Division as an **EDGE Certified Service Provider**.

“As you are aware, a company desiring to participate in the State of Ohio’s Encouraging Diversity, Growth and Equity (EDGE) program must demonstrate to the Equal Opportunity Division that the company is owned and controlled by an individual that is socially or economically disadvantaged” (from the EDGE Certification letter)

Being hearing impaired imposes many difficulties in communication and in the past you have shown a willingness to work with Signature Millshop by using email, cell phone text, or by meeting with me in person when a phone conversation would have been much easier. I understand the additional burden this places on your valuable time and I value our relationship for this reason.

You can view our certification at <https://eodreporting.oit.ohio.gov//searchEDGE.aspx> by inputting our Certification Number 221397 or listing our trade name of Signature Millshop.

I am hopeful the EDGE certification will be an advantage to you in securing future work and hope that it will further enhance the relationship between our companies.

I want to thank you for your past trust in **Signature Millshop** and hope you will continue to use us as your resource for specialty cabinetry.

Sincerely,

Mario J. Grilli  
President
